**AN INVITATION**

**KIN is an ambitious living experiment. On the weekend of November 8th to 11th, 2018, the city of Bristol in the south west of England will take over the running of the world. Across 3 days, 7,000 people will gather together and re-design it. Only this time, with a massive extra dose of kindness. Everybody is invited. This is your invitation.**

“ANOTHER WORLD IS NOT ONLY  
POSSIBLE, SHE IS ON HER WAY. ON A  
QUIET DAY, I CAN HEAR HER BREATHING.”  
**ARUNDHATI ROY**

**Why is KIN happening now? Because we don't have a moment to lose.**

**There is a vast system of think tanks, media outlets, sponsored academic posts, lobby groups, and marketing firms that promote worn out stories at odds with new culture.**

**The result is a place of hyper-consumption, disconnection from each other, powerlessness and fear of the future, around which the dominant narrative is hopelessness. We can't see the beauty.**

**But there's a better story unfolding out there. We are going to tell it together.**

**TEMPORARY AUTONOMOUS ZONE:  
A NEW TERRITORY OF THE MOMENT**

**KIN is the only gathering of its kind.  
A safe space to feel this emerging new culture.**

To give you an idea of why now is right, within 12 hours of launching our website we had 3,000 signups. KIN is clearly of the moment.

# WHO'S KIN?

Everybody has a role they can play in making it.

# WHO'S COMING?

**7,000** visitors over one long weekend, and **100s** of co-creators, networked across the world with activists and culturalists.

# KIN IS MADE BY EVERYBODY

The idea for KIN was initially sparked by the people behind the Shambala Festival – but they'll be handing the spotlight over to some of the most interesting folk of our time, including you. It is open-source and leaderless.

# **WHY BRISTOL?**

**Because it has a history of making particularly beautiful trouble.**

**HACK THE CULTURE:  
CHANGE THE STORY**

**KIN is the only event of its kind in the world, but is part of a vast global network based on possibility and hope. Excluding national press, we aim to reach well over 100,000 people before, during and after the event.**

# WILL YOU BE A CO-CREATOR OF KIN?

We've figured out the conversations that need to happen to address the seemingly intractable problems of the world. But these can't, and shouldn't, happen without next generation thinkers and do-ers.

# WHAT HAPPENS AFTER KIN?

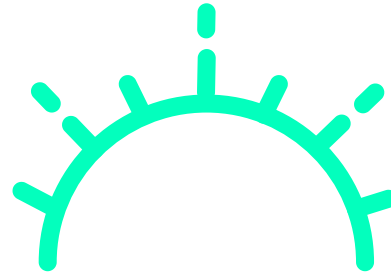

KIN is a beautiful experiment, a mystery, so we don't know yet. But... after the weekend, when 7,000 people have handed the world back to their leaders, they will get down to the work of making the ideas that were generated, the passions that were stoked, the possibilities that were revealed, and the rules that were re-made, into a reality. The conversations will continue. KIN will happen in Bristol again next year, as well as establishing chapters in different places around the world.

**BY THE WAY,  
KIN IS PROBABLY GOING TO START TO  
CHANGE THE WORLD.**

The main exhibition space called “the Heart” and rooms off this space will be a dedicated to dreaming and making, through panel discussions, talks, workshops, clinics, performances and films.

## **DAYTIME!**

Located in the Arnolfini’s library, the Brain will operate as the HQ for our artists and activists in residence. It will be a space where brilliant ideas and tools for the future can be processed and logged for everyone to see at the end of the day.

## **EVENING!**

The evenings will be epic parties featuring leftfield performance, music and conversation.

“I’VE LEARNED THAT PEOPLE WILL FORGET  
WHAT YOU SAID, PEOPLE WILL FORGET  
WHAT YOU DID, BUT PEOPLE WILL NEVER  
FORGET HOW YOU MADE THEM FEEL.”

**MAYA ANGELOU**
